District Update

Mrs. Theresa Noe, Superintendent – discussed the following:

- Policy Update We've updated policies, adding Meredith Baker as the second compliance officer in place of Doug Lantz. Title IX now requires appointment of an investigator and a couple of other positions, somewhat difficult for a small administrative staff. Dr. Banks is investigating various options for filling.
- Custodial we are working through some performance issues with our temporary cleaning company. The district is seeking a long-term custodial services contract. A Request for Proposal (RFP) will be released in the coming weeks.
- National School Lunch Program the U.S. Department of Agriculture approved continuation of free lunch and breakfast for all Finneytown district students. Lunch pickup will continue once a week with morning and an evening times. They get seven days at a time.
- Facilities Usage many outside organizations have contacted us wanting to use of our facilities during the pandemic. Two churches have contacted us. However, numerous restrictions severely limit usage, such as 15% occupancy (90 in the Performing Arts Center) and frequency (can't have more than two teams in a gym space within 24 hours), etc. FAA has been notified we can't accommodate them. Outside groups also increase our exposure risk. Our staff is really worried about extra people in our facilities. I welcome your input, but am not very comfortable renting our facilities out right now.
- Homecoming we are not going to be able to do most of our traditional Homecoming festivities this year as a result of the pandemic; no parade, community tailgate, or dance.
- Virtual Learning we are in our third week of virtual learning for students. Students have picked up technology devices.

- Progress Book on the first day, our information technology company accidently reset all the passwords for Progress Book, preventing parent access to their accounts. Staff, especially our Secondary Campus secretaries and counselors, jumped in and tried to take care of everyone the best they could.
- Broadband Grant the district applied for and was granted \$60,000 from the Broadband Ohio grant, which will be used to provide connectivity for our families. Access points will be installed outside the building so that internet access will be available to the community from our parking lots and grounds.
- Equity and Inclusion Training we have had a great time getting started with some of our equity and inclusion training. The whole district took part in One Degree Shift program.
- Staff Training the whole district also participated in a Restorative Practices booster. Most of our elementary teachers have received Responsive Classroom training.
- Building Project we've had numerous elementary building design meetings and lots of community, staff, student, administration and board member involvement and input. We should have some first draft renditions to show the community soon. District representatives recently participated in a zoning hearing at the township.
- BASA Equity and Inclusion Committee I was very pleased to become part of this new committee of our state superintendent's organization. We had our first meeting, and Dr. Banks attended it with me.
- Electronic Ticketing the district is using an electronic ticketing system for athletic events. Codes are given out to the parents of athletes, band members, cheerleaders and the visiting team. This helps us manage the occupancy constraint limitations set by state and local officials. Stadium capacity is set at 390 spectators with 120 reserved for the visitors.

Board Coordination Matters

Mrs. Rebman, discussed the following items:

- Finneytown Music Parents Association (FMPA) I attended the meeting. Highlights included:
 - Moving forward with the Cookie Dough fundraiser with delivery planned before Christmas Break.
 - There will be no Dinner Before the Show fundraiser, since there will be no show this year.
 - o Discussed budget reductions required by lost fundraising revenues
 - o Mr. Kennedy gave a nice presentation on how the music department is working with music students and getting feedback during the pandemic.

- Finneytown Schools Educational Foundation Meeting highlights included:
 - Some scholarship recipients have not requested their scholarship money this year
 - O Working on the website and trying to get more alumni contacts in place.
- Facilities Attended a Springfield Township Zoning meeting. The district's initial design drawings were approved. This is the first of many steps in the process. Some concerns were presented by community members about fencing, lighting, water runoff, etc. School community members are feeling more heard and reassured.

Mr. Engleman, discussed the following items:

- Springfield Township Attended the September 8th Springfield Township Board of Trustees meeting. No action pertinent to the district was taken at the meeting.
- Facilities committee meetings from the past month:
 - o August 26th met with Mr. & Mrs. Brooks to review planned improvements adjacent to their property
 - September 1st interior design meetings with the kindergarten team, the media center team and the admin team.
 - O September 1st exterior design review with the Facilities Committee
 - O September 2nd interior design meetings with the special education team, physical education team and the art user groups
 - o September 3rd interior meetings with the first through sixth grade teams and music, dining and playground groups
 - O September 9th the security and technology team got together to finalize the plans for this stage of design
 - September 15th food service building design meeting
 - September 15th monthly facilities core meeting with design team and construction manager at risk
 - September 15th township zoning meeting (Cindy and Terry both talked about earlier)
- Future meetings in the coming month include:
 - Exterior design follow up meetings with the facilities team. As we get closer to finalization, a Zoom community meeting to reveal renderings of what the potential outside of the building would look like will take place.
 - o Building sustainability meeting
 - o Traffic study report and review
- The current Brent site is composed of six separate parcels of land. The district needs to combine all six of those parcels into one parcel before we're allowed to build across property lines. Some property deed cleanup work will be required. Five of the six have us listed in one name, the sixth with another name, which needs to be changed before combining.

Ms. Mamphey, discussed the following items:

Finance Committee - I met with Dave, Cindy and Terri. Discussion included decreased student enrollment (down from around 1500 students, in the last several years), and expansion of the tuition choice budget (students or families are taking advantage of outside scholarship and educational opportunities) and college credit plus budget. A few teachers are getting trained for college credit, which could decrease this cost. In summary, enrollment needs to increase. We talked about forming a committee or task force to investigate the reasons behind our decreases and new growth strategies.

Equity Training - Kudos to our building administrators and teachers for the equity training. I was able to sit in a meeting, a few days after the equity training with Patrice and Lena. They were just so impressed with how teachers and administrators were engaged in the training and willing to be vulnerable. They had nothing but great things to say.

Ms. Johnson, discussed the following items:

- The mental health committee met, but I wasn't able to attend because of the timing.
- None of my other committees met.

Mr. Gast, discussed the following items:

- Facilities I attended design meetings on security and information technology. I was really impressed by the knowledge and experience level of our architectural design team and their ability to help us tailor the best solution, weighing the pluses, minuses and costs of the various options.
- Elementary PTA I attended this meeting. Discussions included budget dances, trying to figure out revenue and spending, not knowing what may or may not happen in this pandemic environment.
- Secondary PTA Tomorrow night is the first secondary PTA meeting. Secondary PTA is taking greater advantage of the new website and posting more information.

77-20 Ms. Mamphey moved, seconded by Mr. Engleman, that the Board adopt the "Consent Calendar" as follows:

Action by the Board of Education in adoption of the "Consent Calendar" at this point of the agenda means that all items appearing with an asterisk (*) after the title constitute the "Consent Calendar" and are adopted by one single motion, unless a member of the Board of Education or the Superintendent requests that any such item be removed from the "Consent Calendar" and voted upon separately.
